OVERVIEW

My goal is to become a fully versatile tech professional. Until then, I'm a 22 year old Web Developer & Designer who's striving to have a career in Marketing and Software Development.

EXPERIENCE

Enigma Beauty Group / Dubai / November 2014 - Present
Marketing Admin / Marketing / All Around
I am part of the Marketing Team where my main role is to administer, create, and update the contents of the website; create content for various social media. I also assists in all other business manoeuvres.
Recent Project: https://enigmaladiessalon.com

Magsaysay Group of Companies / Manila / April 2013 - July 2013
IT Support / All Around
As part of the Systems Development Department, our job is to take care and mitigate all technical problems that occurs or may occur. Moreover, we take advantage of the existing technologies to improve the overall productivity and performance of the whole organization.
